

CAMPOS®

Stretch knitted fabric.

FULL HOTEL PROTECTION

At Campos, we understand that the hospitality industry demands durable, safe, and easy-to-maintain fabrics to guarantee maximum comfort for guests. That's why we've developed FULL HOTEL PROTECTION, a line of fabrics designed specifically for hotel mattresses with multiple treatments that enhance durability and protection. FULL HOTEL PROTECTION features:

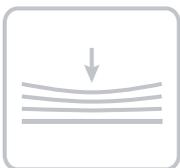

- Flame retardant: Meets hotel safety regulations, offering increased fire protection.
- Protective: Special treatment that acts as a barrier against mites, bacteria, moths, and bedbugs, ensuring a more hygienic sleep.
- Anti-stain: Easy to clean and maintain—ideal for high guest turnover.
- Anti-pilling: Keeps the fabric surface in perfect condition, preventing fuzz formation with use.

FULL HOTEL is the perfect solution for hotels looking for long-lasting mattresses with optimal hygiene, safety, and comfort performance.

TREATMENT PROPERTIES

- Durability
- Anti-pilling
- High protection
- Anti-stain
- Easy cleaning
