

CAMPOS®

Stretch knitted fabric.

WATER-REPELLENT

This treatment not only protects your mattress from accidental spills but also prevents the formation of mould and bacteria caused by moisture—promoting healthier, cleaner sleep. Campos Water-Repellent Fluor Free is completely free from fluorine, meaning it contains no harmful chemicals for your health or the environment. Thanks to this water-repellent barrier, your mattress stays dry and protected from any spill or humidity, ensuring a more hygienic and long-lasting sleep environment. A damp mattress can develop mould in less than 48 hours, affecting both durability and health. Avoid this with Campos Water-Repellent Fluor Free!
